

POWERS ART & LEARNING CENTER

Carbondale, Colorado

efficiency | sustainability | simplicity

502 Whiterock Ave. | Crested Butte, CO 81224 | 970-349-1216 | info@reginc.com

Facility description:

17,000 ft² private facility to display the work of Jasper Johns. Completed 2011.

Energy use:

60% less energy than a code minimum building.

REG Services:

Structural, mechanical, electrical and plumbing engineering, plus commissioning services.

HVAC System description:

Radiant cooling and heating deliver comfort from a ground source heat pump system. The system also controls humidity and air quality to strict standards to protect the art collections.
